

DEVELOPMENT PERMIT HIGHLIGHTS

Note: DP Highlights include project specific issues that were identified and addressed through "Public Input" and now form part of the Development Permit approval.

Completion of this form is to be done by the Development Planner, with copies attached to the Development Permit Plans as noted below.

Address: 2880 Venables Development Permit Number: DE 410128

Development Planner: <☺>Dale Morgan PF/PC: <☺> Scott Barker

Prior to the issuance of the Building Permit for the above-mentioned project, the submission shall be checked for compliance with Development Permit Plans for the following issues:

- | | |
|--|--|
| 1. All exterior lighting to be "dark sky" compliant type light fixtures. See lighting specification attached to DE Permit Set. | See condition 1.1 |
| 2. Tree Retention: Safe retention of existing trees. | See condition 1.3 and 1.11, 1.14, 1.15 |
| 3. Traffic Management Plan required as per Engineering condition. | See condition 2.1 |
| 4. Limited hours of Field Use | See condition 3.7 |

Submissions not in compliance with any of the above mentioned issues must be brought to the immediate attention of the Development Planner, PF or PC.

*** This document is to be copied on BLUE paper—make six (6) copies ***

Paste copies to the front page of all three (3) approved sets of DE Plans, send two (2) copies to PC-B Supervisor, and place one (1) copy in the DE File, (1) copy to DOMINO.
